Description

Prestige 620 - 2013

Offered In immaculate condition, this 2013 Prestige 620 presents a rare opportunity to own one of the most popular flybridge motor yachts in her class. Currently lying in Nice, France, this yacht has been meticulously maintained, with only 790 engine hours and 1380 generator hours, and boasts a full and documented service history.

Powered by twin Volvo Penta IPS 900 engines, she offers smooth, fuel-efficient cruising with exceptional maneuverability thanks to joystick control – ideal for both seasoned skippers and new owners. The IPS system provides better performance, lower noise and vibration, and improved economy compared to traditional shaft drives.

The Prestige 620 combines sleek Italian styling with clever use of space, offering luxurious onboard living for extended stays at sea. The spacious saloon, with panoramic windows and light oak interior, creates a bright, open atmosphere, while the galley-up layout allows for social cooking and seamless flow between indoor and outdoor spaces.

She comfortably accommodates guests in three large cabins, including a full-beam owner's suite with private access, en-suite bathroom, and generous storage. A separate crew cabin with 2 beds adds flexibility for longer cruises or chartering potential.

Highlights:

- Two previous owners – carefully looked after and never chartered
- Extensive engine service currently underway, including parts replacement
- Engine, generator service, and antifouling planned for 2025, with a full hull polish to keep her in top form
- Everything onboard tested and fully functional
- Mooring available for transfer at the highly sought-after Beaulieu Marina, offering immediate convenience and premium berthing

Whether you're looking for a family cruiser, a liveaboard vessel, or a yacht ready for summer in the Med, this Prestige 620 ticks all the boxes. She is a turnkey solution for buyers wanting peace of mind, performance, and comfort in one elegant package.
