

BENITA BLUE

EVOLUTION YACHTS

meet Benita Blue

Redefining perfection.

A 34m superyacht that takes the yachting experience a notch above, Benita Blue blends glamorous features that will turn heads in every marina. The sensational round alfresco jacuzzi, and unrivaled outdoor spaces, stylish interior, and a fun array of water toys will all be assets during your next bespoke charter holiday.

Why settle for one turquoise cove when you can visit all of them? With a top speed of 24 knots, Benita Blue is an excellent choice for your next island-hopping adventure. Her shallow beam allows you total freedom when choosing where to moor for the day, as she's capable of accessing places usually beyond reach for other vessels of her size.

Her stabilization system guarantees ultimate comfort whilst cruising, and her outdoor speakers create a fabulous atmosphere anywhere you go.

interior living

Beautiful. Elegant. Luxurious.

This floating palace allows you to explore the most prestigious summer destinations without foregoing the comforts a 5-star hotel would provide.

Slide the door open from the aft deck and you will reach the sophisticated main salon which shines in creamy hues, with a signature design of Sam Sorgiovanni. Thanks to huge windows, you won't be spared the azure vistas even when cozying up on the crisp white couches with a cocktail and a movie or hosting formal dinners in the aristocratic dining area.

For more options, Benita Blue has an extra salon with a magnificent office where you can focus on work in-between splashing in the waves. The office can also be used as an extra cabin, perfect for little sailors onboard.

master cabin

The palatial owner's suite boasts a classic and attractive look that will exceed the expectations of even the most discerning charterers. Premium glossy woods, chic paneling, and neutral tones work together to create a relaxing atmosphere and elegant look. The master suite also features his and hers bathrooms, one with a shower, and one with a large bathtub.

Wake up to the views of aquamarine beaches that protrude through the huge windows and choose your best swimsuit coverup for an unforgettable day on the go.

When you're back for a restful night at anchor, you can enjoy a true cinematic experience thanks to the cutting-edge entertainment system or relax with a bubble bath in one of the two bathrooms suites.

The impressive size of the master suite allows it to be split into two separate double cabins, utilizing his and her bathrooms, and thus creating the unparalleled flexibility of accommodation that Benita Blue is famous for.

guest cabins

Benita Blue has further accommodation in two twin cabins, both of which can be converted into doubles upon request. The contemporary look is accentuated with designer lighting, airy palettes, and generous use of mirror paneling. For even more flexibility, you will find an additional Pullman bed in each of the twin cabins.

The ensuite bathrooms are sleek and chic, with a perfect environment for grooming and pampering after fun days in the prettiest coves. Each cabin has an entertainment system, allowing culture vultures to catch up on their favorite movies.

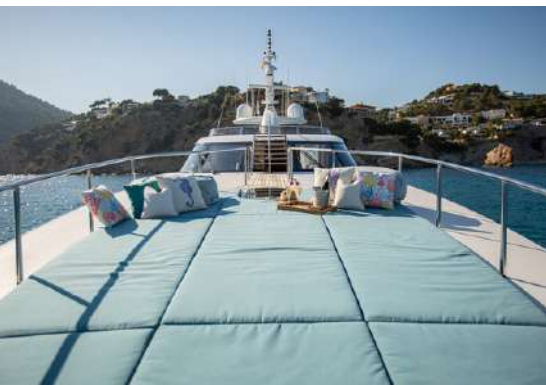

exterior living

Wave goodbye to the hustle and bustle.

The outdoor areas of Benita Blue are a true homage to marine living. Her flybridge is the ultimate social hub with a round alfresco jacuzzi where you can melt away any stress accumulated over the year. The fitted cushioned tanning area will be perfect for stargazing at night - closer to the stern, you will find one of the many dining areas where you can indulge in mouth-watering dishes prepared by your onboard chef. Feel the breeze grace your skin on the gorgeous bow solarium, where you can also absorb the views while Benita Blue smoothly cuts into waves.

The aft deck has an atmosphere that puts the poshest seaside restaurants to shame. A few steps will lead you to the wide bathing platform which serves as the perfect starting point for engaging in water sports with exclusive gadgets such as the Seabobs, Wakeboard, and Water Skis.
